Spirax Sarco is pleased to announce that they have entered into a strategic agreement with the A.R. Thomson Group that makes them our exclusive distributor for the Province of British Columbia. This expands our existing partnership in Alberta.

We are confident that our partnership in British Columbia will provide better service for steam and condensate customers within the province by offering an expanded line of products and local stock for quicker deliveries.

The A.R.Thomson Group and Spirax Sarco are both committed to providing exceptional customer service and we expect that this will be enhanced as we work together with the teams at each of A.R Thomson's three local branches in Surrey, Parksville and Prince George.

Since 1967, A.R. Thomson Group has been a manufacturer's representative and authorized distributor of industrial valves, instrumentation, gaskets and many other related product and has been providing customers with effective solutions to the most challenging of industrial applications. Spirax Sarco has been providing customers with localized technical expertise, sustainable energy solutions and products such as steam traps, regulators, control valves, condensate pumps and fabricated heat exchanger packages in Canada for over 90 years. A.R. Thomson Group's wide range of products and services in the oil, gas, petrochemical, food, beverage, pulp and paper industries makes them a natural fit with Spirax Sarco's expansive range of steam and condensate system related products and we are pleased to be associated together as the provinces leading steam system experts.

Please contact your local A.R. Thomson branch or Sales Representative for any inquiries about our Spirax Sarco products or anytime you have a question regarding the effective use of steam, condensate or other industrial fluids.
