SATELLITE WAREHOUSE PROGRAM

Satellite Warehouse Program

A.R. Thomson Group is pleased to announce our Satellite Warehouse Program – a transportable warehouse for gaskets, studs and nuts, and other fluid containment products used to enhance service and supply during major projects or plant turnarounds. Managed by a dedicated A.R. Thomson Group representative, our warehouse program ensures the convenience of product availability during the time-sensitive moments of a planned outage.

- **Guaranteed supply of standard products** based on agreed upon min/max levels
- **Ability to adjust stock levels** in order to accommodate for periods of elevated usage
- **On-site inventory** supported by your local A.R. Thomson Group manufacturing and warehouse facility
- **24-hour service** for after hours requirements
- **No re-stocking fees** for standard products

TOTAL SEALING INTEGRITY

As sealing integrity and asset management specialists, we provide information, services and support to ensure bolted joint integrity through proper gasket selection, practical bolting procedures, inspection and consultation.
