Satellite Warehouse Program

A.R. Thomson Group Inc. is pleased to announce our Satellite Warehouse Program – a transportable warehouse for gaskets, studs and nuts, and other fluid containment products used to enhance service and supply during major projects or plant turnarounds. Managed by a dedicated A.R. Thomson Group Inc. representative, our warehouse program ensures the convenience of product availability during the time-sensitive moments of a planned outage.

- **Guaranteed supply of standard products** based on agreed upon min/max levels.
- **Ability to adjust stock levels** in order to accommodate for periods of elevated usage.
- **On-site inventory** supported by your local A.R. Thomson Group Inc. manufacturing and warehouse facility.
- **24-hour service** for after hours requirements.
- **No re-stocking fees** for standard products.

TOTAL SEALING INTEGRITY

As sealing integrity and asset management specialists, we provide information, services and support to ensure bolted joint integrity through proper gasket selection, practical bolting procedures, inspection and consultation.

Limitation of liability: actual performance may vary and is determined by factors unique to a given application. It is recommended that care be taken in the selection and application of materials for hazardous services and controlled testing be undertaken to determine suitability for a specific application. A.R. Thomson Group Inc. does not make or imply any warranty of suitability for a particular purpose and is not liable for any damages arising from the use of the information in this sheet.
